

APPENDIX
FOR
REQUEST FOR INFORMATION
REGARDING THE ORBITAL PARAMETERS OF UPCOMING CUBESATS
REFERENCE NUMBER: NNH11SOMD001L

RFI Answer Form

Question	Answer
Institution name	
Project name	
Contact name	
Telephone	
Email	
Does the project have any current association with NASA?	
Sponsoring Organization: (e.g., National Space Foundation, National Space Grant, etc.)	
Number of cubes for satellite	
Compatible with ISS planned orbit? (51.6 degrees at 325 km)	
Acceptable range of altitudes	
Optimal	
Acceptable range of inclinations	
Optimal	
Acceptable shape of orbit	
Optimal	
Apogee (if applicable)	
Perigee (if applicable)	
Expected date to be available for launch	
Is this CubeSat a part of a campaign of CubeSat's to reach an overall goal?	
Total number of CubeSats?	

1. Are there any other needs of the satellite? Please be as specific as possible.

2. If there are other CubeSats as part of a campaign, please provide a list of the same parameters as above for each satellite as well as any needs of the future satellite(s) in the campaign that is currently known or expected.
